

# 36" Series 7 Classic 5 Burner Gas Range

Series 7 | Classic

Black

Make your range a focal point. With a large capacity oven and five burners, this is the perfect way to cook for a crowd.

- Five burner gas cooktop, including one dual ring and two triple ring wok burners
- Gas oven with 4.9 cu ft total capacity and three functions including Bake and Broil

## DIMENSIONS

|        |                   |
|--------|-------------------|
| Height | 35 3/4 - 37 1/4 " |
| Width  | 35 7/8 "          |
| Depth  | 25 1/4 "          |

## FEATURES & BENEFITS

### Design Quality

This range has been carefully crafted in every detail from performance to durability using quality materials including the balanced soft-close door and rounded rangetop rail.

### Large Capacity Oven

The generous 4.9 cu.ft total capacity oven gives you plenty of space to cook multiple dishes at once, with enough room to fit a 32 lb turkey.

### Performance Power

Precise cooktop controls let you sear or stir fry over instant, powerful heat. Use the high burner power or simmer a delicate sauce using the gentlest of heats.

### Easy cleaning

With its durable surface, your cooktop simply needs a quick wipe after cooking to keep it looking good as new for years to come.

## SPECIFICATIONS

### Accessories (included)

|                                              |                      |
|----------------------------------------------|----------------------|
| 2-pc grill system (Broil pan and Grill rack) | •                    |
| Broil pan                                    | •                    |

**Where applicable:**

All appliances use energy, and energy usage typically generates carbon emissions. **Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate** indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
