

Performance Data Sheet

Filtration System GXRTLL

- This system has been certified by IAPMO R&T against NSF/ANSI Standards 42 for the reduction of the substances listed below. The concentration of the indicated substances in water entering the system was reduced to a concentration less than or equal to the permissible limit for water leaving the system, as specified in NSF/ANSI 42.
- Actual performance may vary with local water conditions.

⚠ WARNING

To reduce the risk associated with ingestion of contaminants: do not use with water that is microbiologically unsafe or with water of unknown quality without adequate disinfection before or after the system.

Substance	Influent challenge concentration	Reduction Requirement
Chlorine Taste and Odor	2.0 mg/L $\pm$ 10%	$\geq$ 50%
Particulate Class II	At least 10,000 particles/mL	$\geq$ 85% ; particles 1 to $<$ 5 μ m

Tested using a flow rate of 0.5 gpm (1.9 l/min); pressure of 60 psig; pH of 7.5 $\pm$ 0.5; temp. of 68° $\pm$ 5°F (20° $\pm$ 3°C)

Operating Specifications

Capacity: certified for up to 5250 gallons (19873 liters)
Pressure requirement: 35–125 psi (2.4–8.6 bar)
Temperature: 33–100°F (0.6–38°C)
Flow rate: 0.5 gpm (1.9 l/min)
Turbidity: $<$ 1 NTU

This GXRTLL model is Certified by IAPMO R&T against NSF/ANSI Standard 42 for the reduction of claims specified in the table above and at www.iapmort.org.

NOTE: While the testing was performed under standard laboratory conditions, actual performance may vary.

NOTE: Substances reduced are not necessarily in your water. Filter must be maintained according to manufacturer's instructions, including replacement of filter cartridges.

Replacement Filter Cartridges

GXRTLL – Replacement Filter

For best filtration results, filter should be replaced every 5 years or 5,250 gallons, whichever occurs first.

If you have questions, or to order additional filter cartridge, visit our website at gewaterfilters.com or call GE Appliances Parts and Accessories, 877.959.8688. In Canada, call 800.661.1616.

GE Appliances Filtration System Warranty

Limited 30 Day Warranty.

If your GE Appliances filter fails because of a manufacturing defect within 30 days from the date of original purchase, GE Appliances will exchange the defective filter for a new GE Appliances filter without charge. Return the defective filter to the retailer where it was purchased with a copy of the "proof of purchase".

If the filter is defective, it will be replaced.

This warranty does not cover filters that are improperly installed, damaged, abused or used for other than the intended purpose.

It does not include the cost of returning the filter to the retailer where it was purchased, the labor to remove, install or diagnose the failure, parts used in commercial applications and incidental or consequential damage caused by possible defects with the unit.

For additional warranty information, contact us at geapplianceparts.com, or call 800.GE.CARES.
