# Dramatic style and innovation.

 $Profile^{^{\!{\scriptscriptstyle{\mathsf{TM}}}}}$ We bring good things to life.

It's no secret why, year after year, GE is named

as America's #1 preferred appliance brand\*.

That's because we continue to craft high-performance

appliances that assure your home provides what your

lifestyle demands. Distinguished by dramatic Style

and innovation, GE Profile appliances

deliver both aesthetic and practical rewards.

Among the highlights is the GE Profile

Stainless Portfolio, a collection that elevates

kitchen appliances to functional works

of art. Whether it's our CustomStyle™

refrigerator or contoured dishwasher, each

piece integrates beautifully into

any decor. The possibilities are endless!

# GE Profile<sup>™</sup> Appliances

## Dramatic style and innovation to transform your lifestyle.

The kitchen is becoming the new family room, the most entertaining room in the house, and now it needs to do more than ever. Through a multitude of innovative features and impressive styling enhancements, GE Profile™ appliances will help transform your lifestyle into a world of convenience with a touch of warmth and inviting appeal.

You'll find a Profile appliance to complement every design trend, from CustomStyle™ for the elegant built-in look to seamless high-tech cooktops for expanded cooking flexibility. GE appliances help make every kitchen more beautiful and versatile.

## GE puts everything at your fingertips!

Welcome to the GE Profile Product Guide. The following pages will help you choose from among the many great appliance choices available from GE.

This product guide has been designed to provide quick and easy reference to GE's top of the line products.

It includes product information and specifications on select models. For the complete line of appliances or specific model information not covered in this guide, visit our Web site at GEAppliances.com, contact your local authorized GE dealer, or call the GE Answer Center, toll-free, 800.626.2000.

# Innovative, award-winning products that are GE's Fastest, Biggest and Quietest.

### GE Profile $Arctica^{\mathsf{m}}$ Refrigerator

GE has invested hundreds of millions of dollars to make 2001 refrigerators more innovative and appealing than ever. The result is Arctica, The Ultimate in Refrigeration.™

Exclusive CustomCool™ technology chills, thaws and preserves! Our exclusive ClimateKeeper™ temperature management system makes Arctica the perfect haven for fresh foods. And the Arctica refrigerator's clean contours and lines convey a look of utmost sophistication.

From the fresh technology to the fresh style,

Arctica gives you exactly what you want.

### GE Profile Advantium™ Oven

The latest in GE speedcooking innovation, the award-winning Advantium oven harnesses the energy of light to deliver great-tasting foods in minutes. It bakes, broils, browns, roasts and even grills, with no preheating. And there's a new Advantium in town. The versatile, easy-to-install Advantium 120 oven is now available.

Our award-winning microwave ovens have been redesigned with improved built-in vents and cooktop lighting to provide optimal cooking performance and convenience. For kitchens with a 36" cooktop, GE offers an upgraded 36" model as the perfect complement.

GE Profile Spacemaker® Microwave Oven

### GE Profile<sup>™</sup> Range

Nothing combines convenient versatility, elegant design and outstanding performance like the full line of GE Profile ranges. From an array of installation options, capacity sizes and colors, including stainless steel, GE Profile offers a miraculous style that complements any kitchen décor. Plus, with impressive and user-friendly features like the TrueTemp™ system and "true" convection cooking, GE Profile ranges are ingeniously designed for everyone from the gourmet chef to the occasional cook.

### GE Profile<sup>™</sup> Dishwashers

Curved design is the wave of the future, and GE is leading the way. This year, GE will roll out the industry's first contoured door dishwasher, along with an exclusive full-wrap stainless steel model. Innovatively styled inside and out, these new dishwashers appeal to discriminating tastes with a towerless wash system, Tall-Over-Tall™ capacity, an ExtraClean<sup>™</sup> sensor and advanced sound engineering.

### GE Profile Wizard™ Washer and Dryer

Designed for easy operation, our intelligent washer and dryer system has touchpad controls and a powerful memory. The Wizard remembers the last load washed, and it continually adapts to a range of variables to assure a highly accurate wash every time. It's "simply brilliant."

# "The Ultimate in Refrigeration." The

GE Profile Arctica™ refrigerators bring a breath of

fresh air to your kitchen and your life. This new line

performs on demand with innovative cooling

capabilities. It impresses with its sophisticated,

dramatic design. And it offers tremendous

flexibility through a user-friendly

storage system. What's behind this

breakthrough? GE has engineered

new refrigerators to meet energy and

environmental requirements for

2001 and 2003. We've invested hundreds of

millions of dollars to make Arctica

the ultimate in refrigeration.

#### CustomCool™ technology

Exclusive CustomCool technology gives you the ability to chill and thaw much faster than ever before possible. It also lets you select just-right temperatures for a variety of fresh foods.

#### **ClimateKeeper™ system**

Exclusive ClimateKeeper system helps preserve refrigerator contents by providing consistent cooling.

### **Contoured style**

Arctica's clean contours and lines are perfectly compatible with any kitchen setting.

### **Optimal accessibility**

The interior is thoughtfully designed to offer exceptional convenience and flexibility.

# GE Profile Arctica<sup>™</sup> Side-By-Side Refrigerators

# Specialized settings let consumers customize cooling for a variety of foods.

GE Profile Arctica™ side-by-side refrigerators include a number of high-performance capabilities. Perhaps the most notable is our exclusive CustomCool™ technology. A fresh take on cooling, this bottom-bin feature offers three settings for different lifestyle needs:

ExpressChill<sup>™</sup> setting chills foods and beverages in minutes, not hours.

ExpressThaw<sup>™</sup> setting thaws meats and other freezer items in hours, not days.

SelectTemp<sup>™</sup> setting allows consumers to select just-right temperatures for specific foods.

Using these specialized settings, consumers are able to avoid the last-minute rush and simply relax. Whether the occasion calls for impromptu hors d'oeuvres for 20 or filet mignon for two, CustomCool takes care of everything.

It chills!

It thaws!

It preserves!

#### Easy access

Slide 'n Store™ freezer baskets extend fully, making foods accessible. Wire mesh design allows air to circulate.

#### **Consistent temperature**

Our exclusive ClimateKeeper  $\!\!\!^{\scriptscriptstyle{\bowtie}}$  system makes Arctica the perfect haven for fresh foods.

### **Brilliant lighting**

The revolutionary tri-level lighting system brightens the fresh food compartment with up to 200 watts of light.

### Tall dispenser

The LightTouch! dispenser fills tall orders, accommodating everything from blenders to pitchers.

# GE Profile Arctica<sup>™</sup> Side-By-Side Models: 29 to 25 cu. ft.

# GE Profile Arctica CustomStyle™ Side-By-Side Refrigerators

### Trimless and installed trim models

# GE Profile<sup>™</sup> Trimless Model PSC23NGMWW

# Trimless models:

### Installation made easy, simply slide in.

Trimless CustomStyle units install by simply sliding into—way into—the space between cabinets. Because they align with counters, CustomStyle refrigerators instantly look built-in. And there's nothing to attach or custom build. Available in stainless steel, white, bisque and black. Trimless models shown on pages 16 and 17.

Side-By-Side Refrigerators

### GE Profile<sup>™</sup> Installed Trim Model **PSI23MGMBB**

### Installed trim models:

#### Another way to customize.

Whether you're building a brandnew kitchen or planning for a renovation, GE opens a world of design possibilities. CustomStyle refrigerators accept a variety of door panels: stainless steel, as well as acrylic panels in white, bisque or black from GE. You also have the option of making or installing your own custom wood panels. The choices are simple. Installed trim models shown on page 17.

Because they install nearly flush with the cabinets, these refrigerators save floor space. They don't stick out into the kitchen!

### *GE Profile Arctica CustomStyle*™ *Side-By-Side trim and panel options*

### Installed Trim Models

#### Optional door panels are another way to customize.

When you choose GE CustomStyle refrigerators with installed trim, the choices of design are practically endless. Order stainless steel panels or acrylic panels in white, bisque or black from GE, or make and install your own custom wood panels to accent the cabinetry in your kitchen.

#### Panels available:

Model PSI23MCM is available with white, bisque, black or your own custom wood panel options. Models PSI23MGM and PSI23NGM are available with stainless steel, white, bisque, black or your own custom wood panel options.

# GE Profile Arctica<sup>™</sup> Top-Freezer Refrigerators

### Top Performance.

Elegant, curvaceous design graces Arctica top-freezer refrigerators, which are distinguished by radius doors and rounded storage bins.

Arctica's performance is even more dramatic. The innovative ClimateKeeper™ system adapts to levels of activity and location, keeping the temperature on an even keel.

Arctica top-freezers not only provide precise temperature management, but they also offer optimal ease and accessibility.

Adjustable storage bins put all contents within convenient reach, while the dual fresh food lighting system and freezer dome light let you fully satisfy your midnight cravings.

### **Rapid recovery**

Exclusive ClimateKeeper system quickly recovers from such variables as frequent door openings and changes in external temperature.

#### **Freezer innovation**

Exclusive FrostGuard™ technology reduces freezer burn.

# GE Profile Arctica<sup>™</sup> Top-Freezer Models: 25 to 22 cu. ft.

These models include • ClimateKeeper™ system • FrostGuard™ technology • Premium quiet design • ShelfSaver™ rack • Lift-off, slide-out, spill-proof glass shelves, three adjustable/split • Two adjustable humidity vegetable/fruit crispers • Adjustable temperature deli pan • Pivot-out pan removal system • One full-width, fixed tall bottle door bin • ClearLook™ adjustable gallon door bins • Equipped for optional electronic icemaker • Spill-proof freezer floor • Tilt-out locking freezer door bin • Improved upfront lighting • NeverClean™ condenser Note: bold = feature upgrade from previous model

Convenient Upfront Electronic Touch Temperature Controls are extremely accurate, easy to see and easy to set.

Pivot-Out Pan Removal System makes cleaning crispers easier than ever.

Locking Tilt-Out Freezer Bin conveniently tilts forward for easy access to items stored inside.

# Technology for discriminating tastes and demanding schedules.

At today's busy speed of life, putting

healthy, home-cooked meals on

the table can be a real challenge.

The solution is Advantium<sup>TM</sup>

Speedcook technology, a revolutionary

cooking process that uses light

to deliver fast, flavorful results.

This award-winning light technology

is now available in the Advantium oven

and the new Advantium 120 oven.

Both offer a change of cooking

pace, bringing tremendous

CONVENIENCE to your kitchen.

### **Speed performance**

Imagine the luxury of preparing a salmon steak in less time than it takes to set the table. Or the convenience of 16 stuffed mushrooms cooked in five minutes with the press of a button. This is the extraordinary capability of the Advantium ovens' Speedcook technology.

### **Great-tasting food**

Advantium ovens cook amazingly fast, with great-tasting results. Foods not only cook faster with light, but they also retain their natural juices, moisture and flavor.

#### Versatility

Advantium ovens let you prepare oven-quality meals you never dreamed of cooking during the week. They bake, broil, brown, roast and grill, with no preheating.

#### Installation flexibility

The Advantium wall oven can be installed by itself, over a traditional wall oven or over a warming drawer. The Advantium above-the-cooktop ovens can be conveniently located over a counter, range or cooktop.

# GE Profile Advantium™ Ovens

## Great-tasting food up to eight times faster!\*

Providing the technology you need when time is of the essence, the Advantium oven proves that faster is better.

The Advantium oven harnesses the energy of light to deliver great-tasting food in mere minutes. Its revolutionary Speedcook technology bakes, broils, browns, roasts and even grills food, with no preheating!

Serve mouth-watering filet mignon in six minutes, spicy barbecued ribs in 18 minutes or broccoli casserole in 16 minutes.

The possibilities are almost endless!

\*Compared to a conventional oven.

Favorite foods cook in minutes. Compare the Advantium oven to a conventional oven.

Food	Advantium Oven	Conventional Oven
Whole Chicken	20 minutes	119 minutes
Breaded Seafood Fillets	3-1/2 minutes	30 minutes
Crescent Rolls	4-1/2 minutes	18 minutes
Chocolate Chip Cookies	4 minutes	16 minutes
Baked Potatoes	10 minutes	83 minutes
Pepperoni Pizza	5-1/2 minutes	23-1/2 minutes

Speedcook technology harnesses the power of light to cook

The revolutionary Advantium oven comes preprogrammed with more than 100 of your favorite dishes. With the easy-to-use controls, just select your dish, press START and get ready to eat.

The Advantium oven delivers great-tasting food, fast. Rolls are browned to golden perfection in 4-1/2 minutes. And filet mignon is moist and flavorful within six minutes.

Cooking at home costs less—less than restaurant food, less than gourmet carryout. And with no preheating and shorter cook times, the Advantium oven saves time.

# GE Profile Advantium™ Wall Ovens

# The New GE Profile Advantium<sup>™</sup> 120 Oven

### Great-tasting food up to four times faster!\*

Introducing the latest in GE Speedcook innovation: the GE Profile Advantium 120 oven. Unlike conventional ovens that take their own sweet time, the Advantium 120 cooks with light to deliver great-tasting meals in minutes. Combining speed and versatility, the new Advantium 120 oven helps you rediscover the joy of cooking!

This new oven offers revolutionary Speedcook technology, along with traditional oven, microwave and warming capabilities. It cooks up everything from pizza to peach cobbler—fast!

<sup>\*</sup>Compared to a conventional oven.

### Favorite foods cook in minutes. Compare the Advantium 120 oven to a conventional oven.

# GE provides cooking inspiration through innovation.

GE helps you make the most of your meals, bringing

innovation to every aspect of your cooking needs.

Our cooking products cater to your flexibility

requirements with a wide range of heat settings and

smooth, easy-to-clean surfaces. They also

make a high-performance contribution with

advanced cooking capabilities and

an array of CONVENIENCE functions.

And when it comes to style, GE offers

a variety of attractive options.

Whether you choose black or stainless,

built-in or slide-in, you're sure to find the

perfect complement to your decor.

#### **Gas cooktops**

Our gas cooktops boast 15,000 BTUs of cooking power, delivering incredible cooking flexibility with a 12,000-BTU element for boiling and a 700-BTU element for simmering.

### **Electric cooktops**

Our electric cooktop line gives you a vast array of versatile options. Expandable heating elements, electronic controls and a warming zone are just a few of the many conveniences.

#### **Built-in wall ovens**

Built-in wall ovens make a dramatic design statement. Installed in a wall, under a counter or in a cabinet, these ovens integrate beautifully into any kitchen.

### Warming drawer

GE's essential warming drawer helps you keep just-cooked foods warm while you're waiting for guests or preparing other dishes.

Refrigeration

# GE Profile™ Built-In Single and Double Wall Ovens

# GE Profile<sup> $\infty$ </sup> wall ovens perform beautifully in any kitchen.

Innovatively styled inside and out, GE Profile wall ovens offer the utmost in cooking convenience and contemporary elegance. These high-performance ovens are available in 30" and 27" widths. Both 30" and 27" ovens, double and single, deliver accurate, consistent heating and total temperature control with our exclusive TrueTemp™ technology. GE Profile wall ovens also offer "true European convection" capability, which allows infinite possibilities. Chewy gourmet cookies. Slow-roasted, seasoned beef. Crisp, fresh-baked bread. It's all possible with convection cooking. The spacious interior and

The spacious interior and multiple baking racks provide added convenience. You can put the main course on one rack, side dishes on another and still have plenty of room for dessert! And the large viewing window and brilliant halogen lights help you keep tabs on everything.

### The versatile design works with every cooking style, every kitchen.

GE Profile $^{\text{m}}$  wall ovens give you everything you need to get cooking. Among the many convenient features is the proof setting, which allows dough to rise more quickly and efficiently.

Versatility extends to installation, as well. GE Profile wall ovens go wherever they're needed: in a wall, between cabinets or under a counter. All models fit into common cutouts, making it easy to replace an existing oven with an upgrade. And the flush installation appearance makes the most of your kitchen space.

# GE Profile™ Wall Ovens

### Convection capability gives you more ways to cook great food!

1. Conventional Baking

2. Conventional Broil (variable temp)

3. Convection Bake

4. Convection Roast

GE Profile wall ovens provide excellent convection heat capability. Roasts are beautifully browned, yet tender and juicy inside. Cookies are baked to golden perfection. And meats are broiled to your liking.

All models deliver "true European convection" cooking by means of a third dual-loop heating element located in the back wall. A fan evenly circulates air throughout the oven cavity. This process delivers uniform, savory results. Convection cooking also saves time and allows you to cook at lower temperatures.

### GE Profile<sup>m</sup> wall ovens are remarkably easy to clean.

Our CleanDesign wall ovens are distinguished by a smooth, elegant surface that blends almost seamlessly with surrounding cabinetry. But the real beauty of these ovens is their sleek styling, which makes cleanup simple. There are no endcaps on the control panels or handles, nor are there any rims or gaps that can catch grease and dirt. And, of course, the oven itself is self-cleaning.

# And you get superb results with minimal effort.

GE's SmartSet
Electronic controls are
simple to understand
and operate. Just read
and touch.

Setting the time and temperature is easy. For example, if you want to bake at 350°, you press 3...5...0... then press Start.

Centigrade or Fahrenheit, it's your choice.

user-friendly. Increase or decrease temperature or time with a touch of the finger.

GE's SmartLogic controls constantly monitor oven temperatures, automatically making necessary adjustments. If you wish to manually switch from conventional to convection, all you have to do is press a button.

# Seven-rack baking. A GE Exclusive!

# GE Profile™ Built-In Cooktops

GE caters to today's busy cooks with a wide variety of cooktop options.

GE cooktops make a dramatic difference in the kitchen, both in terms of appearance and performance.

Distinguished by a continuous, smooth surface, these cooktops add immediate visual interest. High-tech features include an electronic sensor that automatically adjusts the size of the element to fit the pan, a sensor that indicates when an element is left on and a convenient warming option.

# Now you can enjoy the superior performance of gas, along with ease of cleaning.

Thanks to GE innovation, serious cooks can make gas cooktops a prominent part of their kitchens without the usual worry about cleanability. High-output or simmer burners give you precise control over heat intensity, while the smooth, sealed surface beneath these burners lets you control spills and messes. A professional-style grid of continuous burner grates allows easy pot movement. And every model wipes clean, whether it's the deep, recessed cooktop or the gas-on-glass style.

# Electric cooktops offer an array of convenient extras.

GE electric cooktops deliver an impressive lineup of design features and performance capabilities. Among these is the bridge element, which combines two elements to create an elongated cooking area. Models with electronic controls also feature a cooking timer and lockout option.

Gas cooktops provide outstanding performance.

When it comes to power, our gas cooktops go to extremes. The 15,000-BTU burner supplies the intense heat needed for sautéing and stir-frying. Gas cooktops also provide precise temperature control and consistent, gentle simmering.

# GE Profile™ Built-In Cooktops: 36" Electric CleanDesign

**These models include** • Smooth, frameless ceramic-glass CleanDesign cooktop • Fingerprint- and scratch-resistant patterned glass cooktop • Five hot surface indicator lights • Flush mount installation capability (except Stainless steel models)

Note: bold = feature upgrade from previous model

Electronic controls are simple to understand and easy to operate. Just read and touch.

Helps protect your family's safety with control lockout capability.

A convenient kitchen timer lets you set a reminder at the appropriate cooking time, making precision cooking easy.

Pan presence sensor reminds you when an element is left on and automatically shuts it off when not in use.

# GE Profile™ Slide-In and Drop-In Ranges

# The perfect fit.

GE slide-in and drop-in ranges fit every kitchen decor and cooking style. They install almost flush with surrounding cabinetry and counters, creating a dramatic effect. Accenting the contemporary design is the sleek stainless exterior, which complements just about any color or wood finish. The performance features are equally versatile.

## Versatile features are the key ingredients to our slide-in and drop-in ranges.

### **Bridge Element**

For total cooking flexibility, the bridge element gives you the freedom to match longer gourmet pans or skillets to the heating elements. A simple switch lets you combine two burners into one large cooking area.

### **Warming Zone**

The warming zone is specifically designed to keep foods warm and ready to enjoy. This is a perfect option to help you coordinate numerous dishes and serve one fantastic meal.

### **Electronic control panel**

The electronic control panel is innovatively styled with soft touch pads, a digital display and sleek, easy-turn dials. Plus, it's ergonomically angled for optimal, user-friendly operation.

### **Sealed Burners**

The gas burners are sealed to the cooktop to help contain spills, making cleanup quick and easy. These burners ignite electronically so you don't have to deal with troublesome pilot lights. Power capacities range from low simmer to high output.

# GE Profile™ Slide-In Ranges: 30" Electric

Spectra electric ranges present a number of exciting possibilities. The cooktop offers

tremendous flexibility with a warming

option and expandable heating elements.

GE TrueTemp<sup>™</sup> technology makes the

Spectra oven the most accurate available.

This technology helps keep the temperature

uniform throughout the oven cavity.

If it's cooking space you crave, you're in for

a big surprise! The 5.0 cu. ft. oven

can handle an impressive quantity of food.

And six adjustable racks make

room for all kinds of cookware, from

roasting pans to casserole dishes.

### **Warming option**

The warming element functions just like any other heating element, but it also can be used to keep soups, sauces and breads warm, or melt butter and chocolate.

GE's exclusive bridge element uses one to two elements to create larger cooking zones for cookware of all sizes.

### 6"/9" Dual element

The dual-ring element is a large and small element all in one. It lets you heat the area necessary for either a six- or nine-inch pan.

### **Seamless backguard**

A smooth, seamless backguard and glass touch pads simplify cleaning. Inside, GE's CleanDesign oven interior conceals the lower heating element beneath the smooth oven floor.

# GE Profile<sup>™</sup> Spectra<sup>™</sup> Electric Ranges

The oven is self-cleaning, of course. But for most families, 80% of the cooking is done on the cooktop. You can see in a glance just how easy it is to wipe the smooth ceramic-glass cooktop clean.

### Ceramic-glass cooktop.

### Responsive.

What's so incredible about the Spectra range is that you don't have to go beneath the surface to find convenient features. The smooth cooktop has four ribbon elements that direct heat straight up, resulting in even, high-speed cooking. A "hot surface" indicator light lets you know when the elements are too hot to touch.

### Attractive yet durable.

The way the cooktop looks is just as impressive as the way it works. It's made with a specially engineered ceramic-glass that has an amazing resistance to both stains and impact. Plus, the decorator pattern helps camouflage any smudges, so nothing detracts from the overall appearance.

The porcelain-enameled subtop is designed with special containment wells for easy cleanup. Wires have been thoughtfully positioned under the edge of the cooktop so they never interfere with cleaning.

### Clean-Well<sup>™</sup> cooktop

### Exclusive design.

The Clean-Well cooktop is yet another GE innovation. It consists of two layers, including the cooking surface and a subtop. The surface is designed to contain most spills before they reach the subtop. High rims around the Calrod® elements catch spills, and the one-piece drip bowls are easily removed.

### Sturdy and convenient.

The exterior cooktop is supported by a torsion bar and dual-support rods. To access the recessed subtop, all you have to do is lift and lock the cooktop into place. It's that simple.

### True European convection capability lets you cook bigger and better than ever before.

Spectra ranges deliver "true European convection" cooking by means of a third dual-loop heating element located in the back wall. A fan evenly circulates air throughout the oven cavity. This process delivers uniform, savory results.

### Superior roasting.

Convection cooking has long been lauded by professional chefs and bakers. And it's no wonder. Roasting time is reduced, with more consistent results.

### Perfect baking.

GE convection ovens also deliver exceptional baking results. They bake desserts and breads at an ideal temperature (approximately 25° lower than a conventional oven).

### A simple guide to GE's QuickSet oven controls

### QuickSet IV

- Dual Element Bake Digital temperature display with recall Oven Preheat light Electronic digital clock
- Electronic reminder timer, up to 12 hours Audible Preheat signal 12-Hour automatic oven shut-off
- Self-clean countdown digital display, including cooldown
   Auto self-clean
   Automatic oven control
   Delay Bake
   Delay Self-Clean
   Adjustable self-clean cycle time
   All-touchpad control
   Large digital temperature display
   Variable broil

### QuickSet V

Same as QuickSet IV, plus: • Convection bake/roast • Temperature probe • Extra-large graphics and touchpads

• Digital glass touchpad control (0-9) entry • Oven function icons

# GE Profile<sup>™</sup> CleanDesign: Convection

GE Profile<sup>™</sup> gas ranges rise to the occasion, no matter what's on the menu.

GE Profile gas ranges give you the room

and DOWET you need to create inspired meals.

These ranges feature a large-capacity oven,

so you no longer have to take an a la carte

approach to cooking. They also include a

couple of CONVENIENT warming options

and convection capability. And you'll be

pleased to know that you can enjoy the

superior performance of gas, as well as

easy cleanup. Designed with

a smooth surface and continuous

cast-iron grates, spectra gas

ranges offer the best of both worlds.

### Warming drawer

The new warming drawer lets you prepare side dishes at your own pace. Conveniently located under the oven, this drawer keeps food warm until serving.

### **Smooth cooktop**

This revolutionary cooktop eliminates the burner bowls and drip pans typically found on conventional gas ranges. Instead, the burners are sealed onto the cooktop, making cleanup a breeze.

### **Warming options**

A warming zone and warming drawer save you the trouble of carefully orchestrating meals. These convenient options let you keep just about any dish warm and ready to enjoy.

These ranges utilize an innovative, two-speed convection system that works in conjunction with our TrueTemp™ system to deliver sumptuous baking and roasting results.

### The Original Spacemaker®

Since its introduction in 1979, the GE Spacemaker

award-winning microwave oven has been

an indispensable part of the American kitchen.

Today, its role is bigger than ever.

Completely redesigned with **roomy** interiors,

our Spacemaker microwaves hold up to

six full-sized plates of food. They're not

only larger—they're better.

Quick Defrost and convection

capabilities make Spacemaker

microwaves ideal second ovens.

And our new XL1800 microwaves

feature built-in vortex venting,

as well as brighter halogen

interior and halogen cooktop lighting.

#### **Quick Defrost**

Quick Defrost lets you thaw a pound of ground beef up to 50% faster than our previous models.

What used to take 6-1/2 minutes now defrosts in just three minutes.

With its two cooking racks and 14-1/4" recessed turntable, the Spacemaker microwave oven (JVM1860) holds up to six dinner plates or three 9" x13" casserole dishes.

### GE innovation, space-saving design

With so many features and over 20 years' experience it is easy to see why people are making GE Spacemaker their microwave of choice. Ideal as a second oven, these microwaves complete your cooking center.

After

#### Countertop Microwave Optional Oven Trim Kits

#### 30" Deluxe Trim Kit For 1.8 Cu. Ft. Microwave Ovens

This trim kit allows for built-in installation of the 1.8 countertop microwave oven in a wall or cabinet alone, or over a GE 30" single electric wall oven as shown.

#### 30" Deluxe Trim Kits for Model JE1860

JX1830SB — Stainless Steel, JX1830WB — White, JX1830CB — Bisque, JX1830BB — Black

#### 27" Deluxe Trim Kit For 1.8 Cu. Ft. Microwave Ovens (not shown)

The 27" deluxe trim kit allows a 1.8 countertop microwave oven to be built into a wall or cabinet alone, or over a GE 27" single electric wall oven for a complete one-piece built-in integrated appearance.

#### 27" Deluxe Trim Kits for Model JE1860

JX1827SB — Stainless Steel, JX1827WB — White, JX1827CB — Bisque, JX1827BB — Black

#### 30" Deluxe Trim Kit For 1.6 Cu. Ft. Microwave Ovens

This trim kit allows for built-in installation of the 1.6 countertop microwave oven in a wall or cabinet alone, or over a GE 30" single electric wall oven as shown.

#### 30" Deluxe Trim Kits for Model JE1660

JX1530MWW—White, JX1530MBW—Black

#### 27" Deluxe Trim Kit For 1.6 Cu. Ft. Microwave Ovens (not shown)

The 27" deluxe trim kit allows a 1.6 countertop microwave oven to be built into a wall or cabinet alone, or over a GE 27" single electric wall oven for a complete one-piece built-in integrated appearance.

#### 27" Deluxe Trim Kits for Model JE1660

JX1527MWW—White, JX1527MBW—Black

#### Deluxe Trim Kits For 1.5 Cu. Ft. GE Profile™ Microwave Ovens

Built-in trim kits allow installation in a wall, cabinet alone, or over a GE 30" or 27" single electric wall oven. Use a convection wall oven under these convection microwave ovens for a complete convection cooking center.

#### 30" Deluxe Trim Kits for Model JE1590

JX1530CSC—Stainless, JX1530CWC—White, JX1530CCC—Bisque, JX1530CBC—Black

#### 27" Deluxe Trim Kits for Model JE1590

JX1527CSC—Stainless, JX1527CWC—White, JX1527CCC—Bisque, JX1527CBC—Black

#### Built-In Trim Kit For . 9 Cu. Ft. Microwave Ovens

For a custom built-in appearance, this kit allows built-in installation of the Spacemaker  $II^{\text{\tiny M}}$  microwave oven into a wall or cabinet alone.

#### **Trim Kits for Model JEM31**

JX827SS—Stainless Steel Trim Kits JX827WN—White Trim Kits JX827BN—Black Trim Kits JX827CD—Bisque Trim Kits

#### Hanging Kit For .9 Cu. Ft. Microwave Ovens

This hanging kit allows installation under a cabinet.

#### Hanging Kit for Model JEM31

Pub. No. 4-A019

### The look of the year. The performance of a lifetime.

Now there's a dishwasher that will appeal to connoisseurs of fine art and fine dining. The elegant, high-performance GE Profile™ dishwasher has a look unlike any other, with a gracefully contoured door and smooth, inlaid electronic controls.

As strong on performance as it is on looks, it features the advanced ExtraClean™ wash system, ExtraFine™ filter and ExtraClean™ sensor with Automatic temperature control to get dishes incredibly clean.

The Tall-Over-Tall™ rack design and Spacious interior provide room for even the most entertaining lifestyles. And it's so quiet, it's easy to forget how hard it's working.

The true beauty of the GE Profile dishwasher is that its Style and performance will get noticed—its Quiet operation won't.

### The leading edge of kitchen design

GE Profile has created the only dishwasher with a full-length contoured door, as well as the industry's only full wrap stainless steel door. Inlaid light-touch controls provide a smooth, seamless appearance.

### Our dishwasher is very accommodating

With room for up to 16 place settings, the GE Profile dishwasher's Tall-Over-Tall towerless rack design provides additional room for dishes, as well as tall items.

#### **Engineered for quiet**

The GE Profile dishwasher is designed to be quiet. Thinstall™ insulation and mastic cushion the dishwasher, while the ActiveVent II system seals in sound during the wash.

### Premium performance, clean and simple

The ExtraClean wash system has three direct-feed wash arms for 100% coverage. The self-cleaning ExtraFine filter removes food particles smaller than 1/100th of an inch.

### GE Profile™ Built-In Dishwashers

These models include • Energy Star® qualified • ExtraClean™ wash system • ExtraFine™ filter • ExtraClean™ sensor • Automatic temperature control • Inlaid light-touch electronic controls • Squeeze latch • Last cycle memory • NSF Certified Anti-bacteria cycle • Cookware cycle • China/Crystal cycle • SpeedCycle™ selection • Added heat enhancement • Automatic HotStart™ feature • QuietPower™ IV sound insulation package • QuietPower™ motor • Thinstall™ insulation and mastic • ActiveVent II system • Tall-Over-Tall™ nylon rack system with ball tines • Super capacity 3-piece modular silverware basket • Child lock-out • Trimless • Multi-wattage heating element

Note: bold = feature upgrade from previous model

# ONLY GE HAS IT!

Tall-Over-Tall™ Towerless Rack design accommodates tall items like 9-1/4" glasses in the upper rack and a 20-quart stock pot in the lower rack—no adjustment required.

## Outstanding cleaning performance.

GE laundry systems offer exceptional

clothes care with a number of highly advanced

features. Our innovative Adaptive Logic System,™

the brains behind the GE Profile Wizard™ washer

and dryer, automatically adjusts cycle times

to deliver immaculate results. It does

the thinking for you so you don't have to.

But that's just the beginning. PerfecTemp

maximizes detergent's effectiveness,

while minimizing shrinking, fading and

wrinkling. Sensor Dry prevents overdrying

and underdrying, extending the life

of clothes. And CONVENIENT

electronic controls provide accurate

cycle countdown, from start to finish.

#### **Speed Wash and Dry**

Our Speed Wash/Dry system washes and dries a soccer uniform, school uniform or golf outfit in 30 minutes or less. This is about 50% faster than other speed wash/dry systems on the market.

#### Stain removal

The Stain Wash option eliminates or reduces the need for pretreating.

With scrubbing action and concentrated soaking, this option saves you time and frustration. And it can be used on any fabric, any cycle.

#### **Balanced loads**

Our exclusive Auto Balance Suspension System automatically redistributes heavy and uneven loads, allowing the washer to maintain full spin speed without walking.

#### **Perfect wash temperatures**

Our PerfecTemp wash system regulates water temperature to maximize detergents effectiveness while minimizing shrinking, fading and wrinkling.

Dishwashers

Clothes Care

### Introducing a new definition of clean.

#### The Wizard has a marvelous way with laundry. It not only gets clothes clean—it makes life easier.

The new Wizard washer and dryer work wonders. Engineered with the innovative Adaptive Logic System™, Wizard does the thinking so you don't have to. For each load, this system optimizes cycle time by taking into account such household variables as the water heater temperature setting and the length of dryer ducts. It learns and adjusts washer and dryer cycle times based on load sizes and fabric types. The more the Adaptive Logic System learns about your household and your laundry, the more accurate it becomes. Imagine a washer that doesn't leave soapy residue and a dryer that dries clothes evenly. Adaptive Logic senses what needs to be done and does it with amazing accuracy—all you have to do is press a button. That's the magic of the Wizard.

#### Stain Wash

Stain Wash eliminates or reduces the need for pretreating, alternating soak and agitation. It can be used on any fabric, any cycle.

**Speed Wash and Speed Dry** 

When you need it quick...washes and dries a soccer uniform, school uniform or golf outfit...about 50% faster than the other Speed Wash/Speed Dry Systems on the market.

#### Dryer Option

Reduces 99.9% of certain types of bacteria, including Staphyloccus aureaus, Pseudomonas aerignosa, and Klebsiella pneumoniae, NSE certified. A GE exclusive.

#### Adaptive Logic System™

Adaptive Logic is amazingly accurate. From fill to finish, this system automatically adjusts cycle times according to household conditions, like the length of dryer ducts and the distance of the washer from the water heater, giving you an accurate cycle time.

Backed by the longest, strongest full warranty in the industry.

A GE Exclusive.

### $GE Profile^{^{\mathrm{TM}}}$

### GE Profile™ Front-Loading Washer and Dryer

#### The solution to a tight situation.

The GE stackable washer and dryer pair has a unique configuration that eases its way into any situation, whether it's a hallway or a closet. And wherever it is—out of the way or out of sight—this laundry pair gives you the capacity you need to finish the laundry in minimal time.

#### Washer Features

Automatic Water Fill eliminates guesswork and water waste. Automatically adjusts to the load type by adding water. Water fill level remains below the door.

Automatic Dispenser automatically dispenses detergent, bleach and fabric softener at just the right time in the wash cycle.

#### Dryer Feature

**Dryer Rack** 

The sturdy Dryer Rack is designed to dry items such as washable sneakers and stuffed animals, and is easy to insert and remove.

Allow additional space for any necessary leveling adjustments.

#### ALL MODELS AVAILABLE IN U.S. AND CANADA.

Add 9/16" for water hook-up. Hook-up fits in 5/8" back air clearance when calculating installation depth.

If installed against a wall, allow clearance of 14-3/16" on 25 cu. ft. and 27 cu. ft. models; 13" on 29 cu. ft. models on freezer side to remove ice bin.

To remove fresh food pans, remove door bins.

Clearances required to remove fresh food full-size pan without disassembling: 18-15/16" on 25 cu. ft. and 27 cu. ft.; 16-1/4" on 29 cu. ft.

#### Built-In Trim Kit For .9 Cu. Ft. Microwave Oven

For a custom built-in appearance, this kit allows built-in installation of the Spacemaker II™ microwave oven into a wall or cabinet alone, and is U.L.-approved for installation over a GE single electric wall oven. This kit should not be installed over a gas wall oven.

#### Trim Kits for Model JEM31

JX827SS—Stainless Steel, JX827WN—White, JX827BN—Black, JX827CD—Bisque

### Countertop Microwave Oven Optional Trim Kits

#### 30" Deluxe Trim Kit For 1.8 Cu. Ft. Microwave Ovens

This trim kit allows for built-in installation of the 1.8 countertop microwave oven in a wall or cabinet alone, or over a GE 30" single electric wall oven.

#### 30" Deluxe Trim Kits for Model JE1860

JX1830SB—Stainless Steel JX1830WB-White JX1830CB—Bisque JX1830BB—Black

#### 27" Deluxe Trim Kit For 1.8 Cu. Ft. Microwave Ovens

The 27" deluxe trim kit allows a 1.8 countertop microwave oven to be built into a wall or cabinet alone, or over a GE 27" single electric wall oven for a complete one-piece built-in integrated appearance.

#### 27" Deluxe Trim Kits for Model JE1860

JX1827SB—Stainless Steel JX1827WB—White JX1827CB—Bisque JX1827BB—Black

#### 30" Deluxe Trim Kit For 1.6 Cu. Ft. Microwave Ovens

This trim kit allows for built-in installation of the 1.6 countertop microwave oven in a wall or cabinet alone, or over a GE 30" single electric wall oven.

#### 30" Deluxe Trim Kits for Model JE1660

JX1530MWW-White JX1530MBW—Black

#### 27" Deluxe Trim Kit For 1.6 Cu. Ft. Microwave Ovens

The 27" deluxe trim kit allows a 1.6 countertop microwave oven to be built into a wall or cabinet alone, or over a GE 27" single electric wall oven for a complete one-piece built-in integrated appearance.

#### 27" Deluxe Trim Kits for Model JE1660

JX1527MWW-White JX1527MBW-Black

#### Deluxe Trim Kits For 1.5 Cu. Ft. Microwave Ovens

Built-in trim kits allow installation in a wall, cabinet alone, or over a GE 30" or 27" single electric wall oven. Use a convection wall oven under these convection microwave ovens for a complete convection cooking center.

#### 30" Deluxe Trim Kits for Model JE1590

JX1530CSC—Stainless JX1530CWC-White JX1530CCC—Bisque JX1530CBC—Black

#### 27" Deluxe Trim Kits for Model JE1590
