DESCRIPTION

MADE FOR YOUR ADVENTURE

The LG StanbyME Go is a portable, wireless 27" screen built into a briefcase design protecting it when traveling and making it very easy to store when not in use. Up to 3 hours of battery* allows for usage in places where no power is available. From tailgating and camping to backyard movies and games with the family, the StanbyME Go is the obvious choice for outdoor lovers that need a large screen on the go.

*Actual battery usage time and performance may vary depending on network connectivity and application use.

KEY FEATURES

Briefcase Design

For on the go

The briefcase design with handle makes the StanbyME Go the perfect product to take on the go to your next tailgate, camping trip, or wherever your travels take you. The hard sided case protects the screen while on the go, and makes it easy to store when not in use.

Wireless/Built-in Battery

Cordless Freedom

Say goodbye to power cords and hello to cordless freedom with StanbyME Go's built in battery that lasts up to 3-hours*. The StanbyME Go's 27-inch screen can entertain your friends and family, with movies on the beach, music in the mountains, or game night in the back yard. With StanbyME Go your entertainment is no longer centered around a power outlet.

*Actual battery usage time and performance may vary depending on network connectivity and application use.

Fully Adjustable Touch Screen

Intuitive controls and display

The fully adjustable touch screen is designed to enhance the activities you can do with the StanbyME Go. Use landscape mode with height adjustment for movies, rotate it 90 degrees for social media in portrait mode, or lay it flat in table mode for board games and music. Controlling the StanbyME Go is as easy as touching the screen, using the included remote or voice control making it simple for everyone in the family to enjoy.

Wireless and Well Connected

Stay connected

The Wi-Fi enabled StanbyME Go offers many ways to stay connected to your content. The included HDMI and USB port allow you to easily connect to your traditional devices. Apple AirPlay* 2 and screen mirroring allow for easy sharing and mirroring from your mobile device.

*Apple, the Apple logo, Apple TV, AirPlay® 2 and HomeKit are trademarks of Apple Inc., registered in the U.S. and other countries. Supported menus and apps may vary by country. Voice Command availability may vary by products and countries. Menus displayed may be different upon release. Support for AirPlay® 2 and HomeKit may vary by region.

webOS & LG Channels

Endless Streaming Content

Take your apps with you wherever you go. Stream video, play music or browse the internet on LG webOS. Or get instant access to over 300 free channels with LG Channels.*

*Internet connection and subscriptions to streaming services are required; number of LG Channels subject to change.
