

# PWL1126SWSS

## GE Profile™ 1.2 Cu. Ft. Drawer Microwave

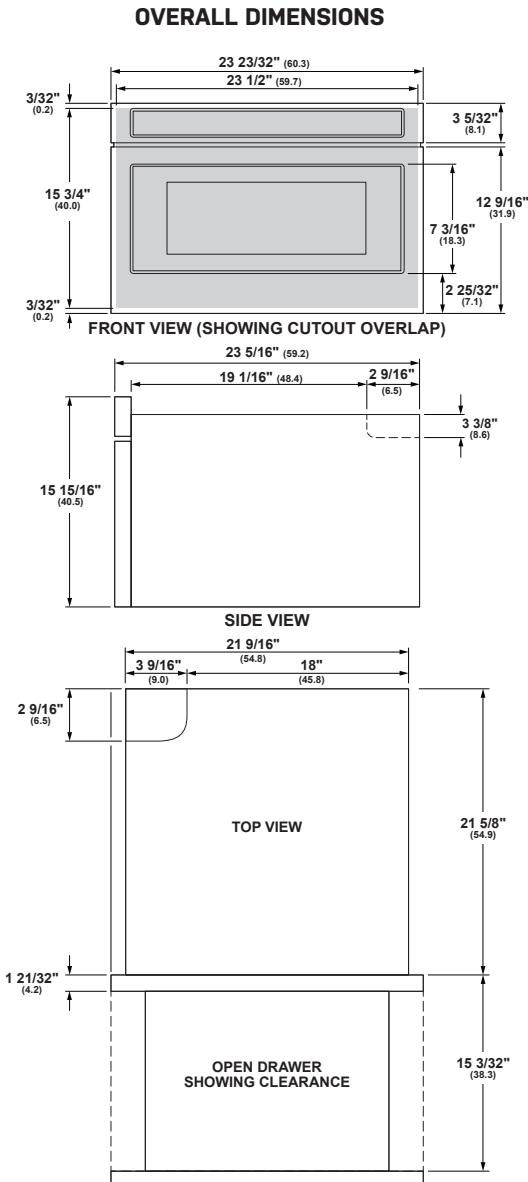

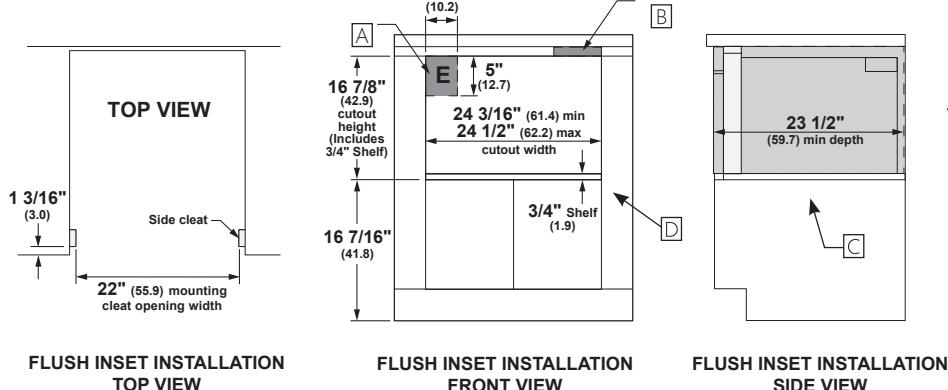

### DIMENSIONS AND INSTALLATION INFORMATION (IN INCHES)

- A** Junction box location (may also be located in adjacent cabinet).
- B** To reduce the risk of tipping of the drawer, the Anti-Tip block must be properly installed located 14-13/16" above the floor on which the Microwave Drawer will sit. The Anti-Tip block must be provided and pre-installed by the purchaser of the product or builder before install can be done. The Anti-Tip block prevents serious injury that might result from spilled hot liquids.
- C** Cleats may be visible and should be finished to match cabinetry.
- D** The face of the shelf must sit 1-7/8" back from the face of the cabinet. See installation instructions for further details including the installation of 24" flush mount deflector vent.

### STANDARD INSTALLATION

### FLUSH INSTALLATION

Dimensions in parentheses are in centimeters unless otherwise noted. Actual product dimensions may vary due to manufacturing tolerances.
