

BROAN
FlexTM SERIES

Most flexible installation. Most efficient operation.

Flexibility for new construction and roomside retrofit from one fan.

- EzDuctTM Connector enables roomside installation without attic access.
- 50% more airtight than standard ventilation fans to help meet rigorous codes and standards.
- Snap-fit Flange Kit will cover the edges of the cutout for a more professional finish and a tighter, leak-free seal.
- Provides a fresh, stylish grille design to complement any bathroom.

BROAN
NuTone
COME HOME TO FRESH AIR

Versatile Installation. Airtight Performance. CleanCover™ Grille.

Flex™ Series gives professionals smart options for new construction or roomside retrofits in one, hard-working product line.

FoldAway™ Mounting Ears are precisely positioned for new construction and fold flat for roomside retrofits. Every installation can be handled more efficiently.

With our TrueSeal™ Damper Technology, Flex™ Series fans reduce air leakage by up to 50% compared to competitive models*, resulting in better home performance via blower door tests.

EzDuct™ Connector enables roomside installation without attic access. Attach the housing, pull the duct through, attach the EzDuct™ Connector and reset it with one screw.

LED Lighting offers greater energy efficiency and longevity, and adds a unique design detail to this hard-working fan. 11-watt, 800 Lumens integrated LED module lasts up to 25,000 hours.

MODEL	DESCRIPTION	CFM	SONES	LIGHTING
AE80K	Fan	80	0.7	
AE80LK	Fan with LED light	80	0.7	11W Dimmable LED
