

# ALBV2466

31.63" x 23.5" x 23.38" (H x W x D)

Commercially approved 24" wide built-in ADA compliant beverage center designed for the display and refrigeration of beverages and food, with seamless stainless steel trimmed glass door and front lock

**Highlights:**

- Sized to fit under lower ADA compliant counters
- Flexible design allows for built-in or freestanding use in commercial or residential settings
- Commercial grade design meets NSF-7 standards

**Product Features:**

|                                 |                                                                                                      |
|---------------------------------|------------------------------------------------------------------------------------------------------|
| ADA compliant                   | 32" height allows for installation within ADA-compliant spaces                                       |
| Commercially approved           | ETL-S listed to NSF-7 commercial standards                                                           |
| Built-in capable                | Front-breathing design allows the unit to be built-in under counters                                 |
| Digital control panel           | Makes for easy temperature reading/management with electronic controls inside                        |
| Seamless door frame             | Single-piece door trim provides an elegant look                                                      |
| Double pane tempered glass door | Provides a full display of the interior, with two levels of glass for added protection               |
| Factory installed lock          | Keyed lock for secure interior, with two keys included                                               |
| Adjustable shelving             | Four shelves (3 wire, 1 glass) provide space and flexibility when organizing the interior's contents |
| Brake system shelving           | Provides added safety when loading and unloading the unit's 4 shelves                                |
