GE Profile™ 30" Smart Slide-In Front-Control Gas Double Oven Convection Fingerprint Resistant Range

FEATURES AND BENEFITS

No Preheat Air Fry – With this air fryer right in the oven, you can cook healthier, crispier versions of your favorite foods. There's no preheat required and it shortens the cook time because every minute counts.

Built-in WiFi – This smart oven features built-in WiFi so you can control oven functions with the SmartHQ app on your smart device.

Fit Guarantee – This gas range will fit your existing 30" cut-out, or GE Appliances will help pay for modifications up to \$300.

Edge-to-Edge Cooktop – Continuous, edge-to-edge cooktop give you a large cooking space and can handle any cookware.

Tri-Ring Burner – A versatile burner offers three different-sized flame rings on a single burner element, so it's like having three burners in one.

Reversible Grill and Griddle – This extra-large, reversible griddle and grill combination lets you enjoy the best in cooking versatility.

Dual Purpose Center Burner – This flexible gas cooktop burner lets you choose between round and oval burner shapes.

Backlit Glass Touch Controls – Backlit touch controls give this oven a high-tech look with a display that disappears when not in use and reappears when touched.

Power Boil Burner – This 18,000-BTU power boil element produces intense heat to boil water fast.

Synchronized Clocks and Lights – Synchronize your oven and GE Appliances over-the-range microwave so that clocks are always matching and lights and ventilation automatically come on when a burner is activated with Chef Connect.

True Convection – This oven features True Convection, an advanced convection system that uses a third heating element and fan for the highest level of heat and air circulation.

Large Capacity Double Oven – Cook an entire meal at once with a 6.7 cubic foot total capacity double oven which provides enough room for multiple dishes.

Never-Scrub Oven Racks – These durable oven racks can be left in the oven during the self-clean cycle so you never have to scrub.

Precision Temperature Probe – An innovative temperature probe that helps you achieve the perfect level of doneness for oven favorites.

Model PGS960YPFS – Fingerprint Resistant Stainless
