Full-Extension Stainless Steel Rollout Bin with Transparent-Gray Glass

How Presrv™ Stands Out:

34°

PreciseTemp™

Multiple internal sensors help maintain accurate temperatures and increase overall performance

Active Cooling Technology

An on-board computer controls active cooling fans to provide temperature stability and even cooling

Inverter Compressor

Uses a BLDC motor to achieve lower temperatures while using less energy and performing more quietly than a fixed speed compressor

3-Color LED Lighting

Available in Cloud White, Deep Blue and Amber
