

# CR2220WHE

3.38" x 11.88" x 19.7" (H x W x D)

220V-240 2-burner radiant cooktop in white ceramic glass, made in Europe

**Highlights:**

- Two-burner electric cooktop with 230V operation
- Smooth white ceramic glass surface offers easy cleanup and modern style
- Includes push-to-turn knobs and heat indicator light for safer use

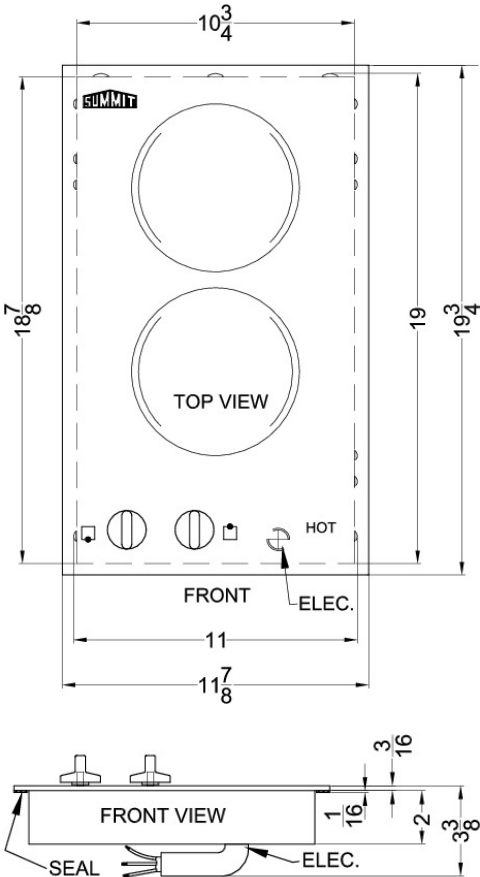

**Product Features:**

|                                               |                                                                                                                                           |
|-----------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------|
| Smooth white surface made from Eurokera glass | Easy cleanup and elegant style on a smooth ceramic glass surface                                                                          |
| Two heating elements                          | 2 1200W burners, each with 6" diameter and manufactured for SUMMIT by E.G.O. of Germany, considered by many to be the finest in the world |
| Push-to-turn controls                         | Prevents accidents by requiring a small amount of force to turn on cooktop heat                                                           |
| Residual heat indicator light                 | Indicates when surface is still hot to touch                                                                                              |
| Designed for built-in installation            | Fits counter cutout sizes that are 11 1/8" wide by 19 1/8" deep                                                                           |
| ADA compliant design                          | Upfront controls and easy-to-operate knobs offer easier accessibility                                                                     |
