KEY FEATURES

QNED Contrast

Enhance Color Contrast

See more natural-looking images. Powerful deep-learning algorithms help improve contrast ratio and enhance brightness so you can watch even more than before.

120 Hz Refresh Rate

Fast enough for you

Keep up with fast action games, sports and blockbuster movies with smooth, crisp motion even in the fastest scenes, with a native 120Hz refresh rate.

HDR10 Pro

Powerful colors that pop

HDR10 Pro delivers a dramatic visual experience and elevated picture quality by enhancing each color on your screen for a "wow" effect.

Dimming Pro

Up the Clarity

Improves contrast and minimizes the halo effect with more precise lighting control.

*Local Dimming Pro improves contrast with more precise lighting control

FILMMAKER MODE™

Bring the movie theater home

Enjoy movies and TV shows upscaled to 4K for a sharper image and more lifelike details.* See it as the director intended with FILMMAKER MODE™. HDR10 Pro allows you to enjoy the latest HDR content with extended contrast for visuals that pop off the screen.
