

4378968 Floor Mounting Kit

WARNING

Electrical Shock Hazard

Disconnect power before servicing.
Replace all parts and panels before
operating.

Failure to do so can result in death
or electrical shock.

Kit Contents:

- 2 9743463 Brackets
- 1 4378974 Sheet

INSTRUCTIONS:

1. Loosen the two (2) screws below the access panel and remove the two (2) screws above access panel.
2. Carefully slide access panel upward and off screw below the access panel.
3. Remove the two (2) lower screws and remove toe panel.
4. Position the dishwasher in its finished installation position. See dishwasher installation instructions for proper installation position.
5. Place floor mounting brackets on top and back of dishwasher side brace.
6. Mark location of hole on the floor.
7. Remove dishwasher and drill two (2) holes.

NOTE: Hole drill size will depend on size of hardware being used for installation.

8. Position the dishwasher in its finished installation position and install mounting hardware to secure brackets to the floor.
9. Reinstall dishwasher per dishwasher installation instructions.
10. Install access panel by reversing steps 1 and 2.
