We understand that you want to feel confident in your decision to purchase stylish, long-lasting furniture. Use these Construction Details and Features icons to explore how our furniture is made, why it's different, and why it's worth it.

You'll soon find that it's not just what's on the outside that makes our furniture exceptional.

CONSTRUCTION DETAILS

Sturdier Frame

For maximum strength and lasting durability, Broyhill uses interlocking wood frames instead of nailed plywood. All frames are made from environmentally friendly FSC-certified lumber.*

No-Sag Springs

Sinusoidal springs provide even, quiet support for deep seating comfort. For extra durability, Broyhill uses 8.5 gauge, 60% recycled steel* connected to solid hardwood rails.

DuraCoil™ Cushion Technology

For comfortable, eco-friendly seat cushions that last, Broyhill uses DuraCoil™ technology. Like a pillowtop mattress, it's a system of individually wrapped coils sandwiched between two thick layers of soy-based foam.* DuraCoil™ cushions outperform most foam cushions in standardized industry tests.

Comfortable Back Cushions

For long lasting comfort and shape retention, Broyhill's back cushions have multiple compartments to keep fiber evenly distributed and securely in place.

Detailed Fit and Tailoring

For clean lines that last, Broyhill hand tailors upholstery to keep the fabric around cushion corners smooth.

FEATURES

Custom Made

Create a look that's uniquely yours. Start by choosing a piece. Customize it with your favorite style of arms, backs and legs. Then complete your look by choosing from Broyhill's vast array of fabrics and an assortment of wood finishes for legs and feet.

*Broyhill's demonstrated commitment to sustainability.

**MADE IN THE USA WITH DOMESTIC
AND IMPORTED MATERIALS**

All pieces available in the following foot finishes: Addison Ebony, Affinity™, Attic Heirlooms®, Cherry Stain, Honey and Walnut.
