6633 TRIBECA™ SECTIONAL

For the way you live today. Beautifully tailored with track arms and button-tufted cushions, Tribeca™ can be configured to create the perfect seating arrangement for your room. Customize from hundreds of fabrics and finishing touches. Tribeca™ is true to Broyhill® Furniture's commitment to style, sustainability and 100 years of quality craftsmanship.

We understand that you want to feel confident in your decision to purchase stylish, long-lasting furniture. Use these Construction Details and Features icons to explore how our furniture is made, why it's different, and why it's worth it. You'll soon find that it's not just what's on the outside that makes our furniture exceptional.

CONSTRUCTION DETAILS

Sturdier Frame

For maximum strength and lasting durability, Broyhill uses interlocking wood frames instead of nailed plywood. All frames are made from environmentally friendly FSC-certified lumber.*

No-Sag Springs

Sinusoidal springs provide even, quiet support for deep seating comfort. For extra durability, Broyhill uses 8.5 gauge, 60% recycled steel* connected to solid hardwood rails.

DuraCoil™ Cushion Technology

For comfortable, eco-friendly seat cushions that last, Broyhill uses DuraCoil™ technology. Like a pillowtop mattress, it's a system of individually wrapped coils sandwiched between two thick layers of soy-based foam.* DuraCoil™ cushions outperform most foam cushions in standardized industry tests.

Comfortable Back Cushions

For long lasting comfort and shape retention, Broyhill's back cushions have multiple compartments to keep fiber evenly distributed and securely in place.

Detailed Fit and Tailoring

For clean lines that last, Broyhill hand tailors upholstery to keep the fabric around cushion corners smooth and the seams straight.
