CANADEL

INTRODUCING EAST SIDE BY CANADEL

Canadel is proud to introduce East Side, a stylish and affordable collection offering a solution for both urban and country environments. Current yet rustic, it mixes the warmth of birch and hevea wood with the coolness of metal. And of course, its affordability is an added benefit.

Like all Canadel furniture, the East Side collection is designed and custom-made in North America. With typical attention to detail, much care has gone into developing a casual yet elegant and very much of-the-moment collection.

With East Side, functionality and simplicity come together beautifully.
