

DREXEL  HERITAGE®

The At Home in Belle Maison Collection

Brilliantly crafted with the inspiration of French antiques, each piece in the Belle Maison collection has its own delicately beautiful story to tell. From the symbolic carvings of the Armoire of Prosperity to the dining table uncovered in a collector's cottage in Marseilles, every detail of this elegant collection emanates the evidence of a rich history.

The Belle Maison Collection

BELLE MAISON. C'EST MAGNIFIQUE.

FINISHED TO PERFECTION
AT DREXEL HERITAGE, we're famous for our beautiful palette of custom paints and finishes. Solid paint finishes may show cracks in structural joints, distressing, undulations, unevenness and other imperfections that are part of the design and finish of that particular case in its standard wood finish. These blemishes do not indicate faulty materials or poor workmanship, nor will they affect the structural integrity or durability of the piece. They are characteristics of the original wood finish you have chosen to finish over with our solid paints and will not be considered a reason for return or replacement.

DH DH Shield is an optional catalyzed lacquer topcoat which may be applied to the tops of many Drexel Heritage products. This material will provide increased durability and enhanced protection on wood finish and nearly all painted tops against moisture, common household products, as well as most scratches and rub marks. Since only the top of the furniture will be re-coated with the hard topcoat there may be slight variation between the top and vertical surfaces of the furniture. Every effort will be made to match the original sheen of the furniture as closely as possible. While DH Shield is a very hard topcoat, it is important to remember proper care should still be taken to protect the surface of your furniture including the immediate removal of all spills.

Some decorative items used in room settings are one-of-a-kind, and are not available for purchase.

Each piece of Drexel Heritage fine wood furniture is finished by hand and involves many steps. The result is a beautiful and unique piece. Wood has grain and color variations due to the growth pattern of each tree. Due to these variations and the process by which we hand finish each piece, finishes on individual pieces will not necessarily match. The finishes shown in this catalog have been reproduced as accurately as possible. For the truest representation, please see your authorized Drexel Heritage dealer.
