

We take PRIDE in every piece of bedroom furniture we make.

DESIGN

Each piece of Lang Furniture is designed with our customers' varied tastes in mind. We strive to offer new and unique contemporary, traditional, and cottage styling, as well as pieces that will take children from infancy to adulthood with ease. Lang Furniture is working harder than ever to design bedroom furniture that is easy to love, and easy to own.

QUALITY

For over 40 years, Lang Furniture has been making furniture that stands up to the test of time. Made in our own family-owned factory, we hold our products to the highest industry standard. Quality control is a very high priority to us, and every aspect of our production process is continually monitored.

VALUE

We are proud of the products and of the fair pricing we offer our customers. Our family and our employees live and work according to the values of the Midwest. Our furniture reflects the pride and commitment our team has to our signature, and to the fact that our goods are made in the USA.

SERVICE

Our reputation is important to us. We stand behind every piece of bedroom furniture we make, guaranteed. Our staff understands what good customer service means, and they live it. You will always speak to courteous, helpful associates who care that you are satisfied with our products. We put our name on it!

2 YEAR LIMITED WARRANTY

Lang Furniture Inc. stands by its products with a 2 year limited warranty. If a drawer fails to remain in operational condition due to a manufacturer's defect, Lang Furniture will send a new drawer directly to your home within ten business days.

RESPONSIBLE MANUFACTURING

Medium Density Fiberboard or MDF is at the core of all of our products. MDF is made from leftover lumber that would otherwise be dumped in a landfill. We are proud to use only raw materials from suppliers who practice sustainable forestry. We work hard to achieve a finished product that is eco-friendly, quality-built and affordable.

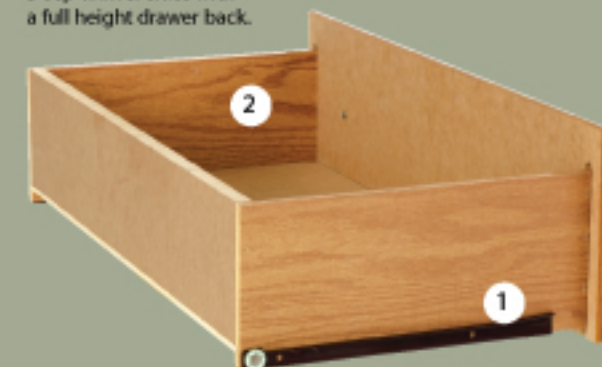

Lyle and Larry Lang

DELUXE ROLLER GLIDE CONSTRUCTION

In an age of sub-standard quality, Lang Furniture continues to use high quality raw materials including deluxe roller glides on our drawers. Unlike other manufacturers who use wood-on-wood glides, or no drawer slides at all, our deluxe roller glides insure quality drawers that will offer continuous support and durability for years to come. We put our name on it!

Detail 2- Deep drawer sides with a full height drawer back.

Detail 1- Deluxe metal roller glides with safety stops.
