

black & white

smartstuff™
furniture for kids.

Designed for active kids and future leaders, Black & White is an All-American classic, nostalgic and self-assured, in two painted finishes, White and Black. As crisp and current as its name implies, this collection is as ageless as soccer balls, piano keys, Dalmatian dogs and dominoes. Iconic American motifs, such as spindles and louvers, add time-honored casual appeal, while accents of oiled bronze metal create a spirited sense of style. Simple stylized ornamentation on drawer fronts lends lasting charm to some pieces while map-drawer styling adds a touch of adventure to others. Heirloom-inspired metal knobs and cup pulls perfectly complement each piece. With enduring American style, Black & White combines a relaxed nature with boundless storage and sleep options. Expertly crafted with whimsical accents and artisan details, Black & White is as bright, sophisticated and energetic as today's well-rounded kids.
