TIMELESS. AGELESS. ICONIC. FIRST-CLASS. ARCHETYPAL. They all mean “classic.” Trends are all well and good, but sometimes you crave that which is enduring. You need to surround yourself with things that you know will stand the test of time. That is why we created The Classic Portfolio.

Have you ever asked yourself why some things never go out of style? The little black dress, a red sports car, a great steak? The reason is deceptively simple. When something is so perfect from the outset, there is simply no room for improvement.

It is the same with furniture—some looks are so enduring, they have not only stood the test of time, but influenced the styles that followed.

Crossing oceans and cultures, Continental pairs the best of the Old World with hints of exoticism. Decorative details such as hand-carved accents, gently shaped fronts and canted corners further reveal Continental’s European influences.

While Continental may whisper far-flung traditions mixed with timeless treasures, it is grounded in the realities of today. You will find it scaled for everyday use, in finishes that are casually beautiful. Ebony mingles an undertone of relaxation with an air of elegance, while Barrel imparts a timeworn charm that is equally compelling. Both finishes offer an unpretentious statement for your bedroom.

Great products, great finishes, great scale, great design—these make up the heart and soul of Continental and all of The Classic Portfolio. No matter what room in your home, when you want the finest in quality and style, there is no better foundation.

Start building your classic décor today.

finish / wood characteristics

Continental offers two deep and rich finish selections: Barrel, a stain, and Ebony, a paint. Both finishes impart a well-traveled aesthetic through a variety of distressing techniques, while Ebony's wear-through antiquing around the edges evokes an Old World charm.

hardware

Fine details bestow a graceful, jewel-like allure to Continental's lovely hardware. The perfect companion to the collection's European charm, the knobs are finished in a tarnished brass patina.
