WELCOME TO

COLOR CAFÉ®

FROM THOMASVILLE®

With the Color Café® collection from Thomasville® you can choose from several styles: the subdued refinement of Contemporary, the timeless elegance of Traditional, the graceful curves of French and the ever-inviting Country. You have the freedom to choose the details of your pieces — creating a look that's all you. From the table shape, to the table base, to the chairs, to the finish — Color Café was designed to complement your style and your home.

The Color Cafe® collection from Thomasville® has made it possible to create a custom dining room or kitchen with almost unlimited possibilities in four easy steps. With casually graceful style, Color Café complements any décor with designs, finishes and materials inspired by nature.

STEP 1 CREATE A TABLE
From top to bottom the possibilities are almost limitless. Color Café offers a variety of table shapes and sizes with a choice of legs or pedestal bases.

STEP 2 SELECT FROM A VARIETY OF COLORS AND MATERIALS
The Color Café palette of finishes was developed with style in mind. The sheen — gloss, matte or distressed antique, gives this collection its personality. For added durability, take note of our Corian® and Granite tabletops.

STEP 3 CHOOSE A CHAIR
From country to contemporary, Color Café has a full line of chairs sure to complement any decorating style.

STEP 4 FINISH WITH A SIDE PIECE
With a variety of sizes and styles, our side pieces will fit any space requirement. From corner cabinets and sideboards to a buffet with hutch, they all create storage with style.

WOOD CARE

FINISHING PRODUCTS

We use catalyzed finish coatings, which are synthetic lacquers modified with nitrocellulose. This formulation provides a finish that combines the transparency of a lacquer with the hardness and durability of a catalyzed varnish. This hardness makes our finishes extremely resistant to marking and scratching. Simply use a damp cloth for cleaning. No commercial waxes or cleaning products should be applied.

WOOD BREATHES

Each piece of furniture is one-of-a-kind, and it will respond naturally to changes in temperature and humidity level. Wood exchanges moisture with the air, adjusting to major changes in temperature and humidity. Furniture responds to extremely dry air by losing moisture and shrinking a bit. Table top halves may part slightly without affecting the table's strength and sturdiness. They will close again under more humid conditions. Think of what happens to skin during cold weather. These conditions affect furniture too. A few tiny openings may appear on the wood surface when the air is very dry. When the humidity rises, the wood will absorb moisture and swell and the tiny openings will close up again.

FINISHES

In the wide range of finishes available in Color Café, many are what we call "washed finishes." The beauty of these finishes comes from the fact that they bring out the varying pigmentation of the wood contributing to the unique beauty of the furniture. Our washed finishes reveal the true beauty of the wood grain. This, together with the harmonization of the variation in natural coloring, which may vary from pale to dark, is what makes Color Café so exquisite.

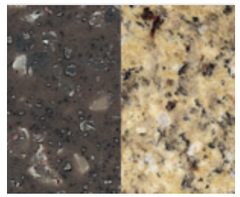
Color Café® offers a menu of special features like solid wood construction and a stain repelling catalyzed lacquered finish that is easy to maintain. They are assembled, stained or painted, finished and packaged by hand with meticulous care and a constant eye on quality. This attention to detail results in beautiful furniture that will maintain its beauty for years to come.

Soapy water and a cloth is all that is needed to clean surfaces.

Do not use wax, polish or any similar product.



Strong, richly colored Corian® and granite table tops combine beauty, durability and ease of maintenance.

In excessively dry conditions, wood furniture naturally loses its moisture and slightly contracts. This does not affect its strength. Table top halves may part slightly, but will close again when the humidity rises.

Our furnishings are solid wood. They're assembled, stained or painted, finished and packaged by hand with painstaking care and under scrutinizing quality control.

Comfortable seats in your choice of a wide variety of fabrics.

Contoured seats for comfort and beauty.

All back support pieces are steam-bent to prevent cracks. They're also glued and nailed for strength and durability.

Decks are equipped with variable-intensity lights to give your china and silver the shine they deserve.

Drawers have English dovetail construction with center wood glides, solid wood corner blocks and drawer stops for perfect alignment and sliding.

Buffet doors with floating centers to withstand changes in humidity without cracking.
