Great Rooms

It's where we eat, where we work and where we play. It's the epicenter, the command post and the recharging station. It's where we live when we're really living. Great Rooms, for life's great moments, is a comfortable, casual potpourri of pieces in an interesting mix of styles, attitudes, woods and finishes. Taking an innovative, holistic approach to home furnishings, Great Rooms is designed for the part of the home where families spend most of their time. Most often in the back of the house, it incorporates a family room, kitchen and everyday dining area. Whether its one big room or several connected rooms, it is, without a doubt, the heart of the home. Great Rooms is designed for consumers who appreciate good classic design with an abundance of storage and function.
