HOOKER®
— FURNITURE —

Like the Mediterranean island for which it is named, **Corsica** is a melting pot of timeless design influences with a sun washed ambience and a casual attitude. Gracefully shaped architectural forms of Italian, French and Belgian origin are accentuated by a wire brushed artisan finish with a reclaimed character. Both the light natural and dark espresso finishes are on exotic and beautiful Acacia wood, known for its rustic charm, tactile hand, knots and color variations in serene organic hues of gray, rose and natural. The dark and light finishes can be effortlessly mixed within a room for an eclectic feel. Corsica the island is rural and laid-back, but also historic, romantic and stylish. Corsica the collection reflects that lifestyle in an eclectic ensemble of bedroom, dining and office pieces that could have been gathered from a Parisian brownstone, a Belgian farmhouse, European cottage or grand Italian Palazzo. From the coast to the heartland to the city, Corsica provides livable elegance that is casual yet timeless.

Design

The Corsica story is told through table bases reminiscent of Romanesque architecture with a Gothic flair; graceful lines on sculpted front panels, intricately hand-carved aprons and beautifully shaped cases.

Finish

A wire-brushed, artisan finish with a reclaimed character defines the Corsica collection. Both the light natural and dark espresso finishes are on exotic and beautiful Acacia wood, known for its rustic charm, tactile hand, knots and color variations in serene organic hues of gray, rose and natural.

Hardware

Corsica's custom-designed, burnished bronze hardware includes a classic swing bail pull, a drop bail with a unique stylized heart shape, a simple knob and a key inspired by an antique latch key.

Fabric

Quality from start to finish

Of all the aspects of wood furniture, the finish most visibly reflects its character, quality and style. While the finish is one of the last things we do, it's the first thing you see. That's why at Hooker, we utilize a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes "feel" as good as they look, with a smoothness that is delightful to the touch.

Wood & Veneer Construction

Many of our furniture items are constructed of hardwood solids and veneers or hand-painted finishes over durable wood products such as medium density fiberboard (MDF) and particle board. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture. Due to a wide variety of wood species and decorative designs used in our furniture styles, variations in construction are possible.

Drawer Construction & Operation

- Full height, full depth and full width drawers for maximum storage capacity.
- All drawers have strong, time-tested English or French dovetail construction, for years of problem-free use.
- Plywood drawer bottoms are attached to plywood drawer sides for strength and durability.
- Our top-of-the-line bedroom collections include bottom drawers on major case pieces that are cedar-lined for the aromatic benefit and preservation of clothing.
- Some night stands offer receptacles on the back of case.

DINING

Create a casual, eclectic and engaging dining experience for family and friends with Corsica's dining tables and chic upholstered dining chairs. Architectural, sculpted pedestals are featured on both the 54-inch round and the 78-inch rectangular table. Each table is available in the light natural or dark espresso finish. For an eclectic approach, the tables are also offered in a two-tone finish by contrasting the light and dark finish on the table top and base. The ellipse-back dining chair and squared-back chair with nail head trim are also available in either the dark or light finish to mix and match with the table finish you select. The 72-inch credenza is offered in the light, dark or two-tone finish. The leg server and display cabinets are each available in the light or dark finish.

ABOUT US

At Hooker Furniture, our mission is to enrich the lives of the people we touch through innovative home furnishings of exceptional value.

The core values we stand for as a company are:

- | | |
|-------------|----------------|
| Integrity | Listening |
| Caring | Innovation |
| Service | Responsibility |
| Citizenship | Honesty |

From our beginning in 1924 in Martinsville, Virginia, founder J. Clyde Hooker Sr. set a tone of doing business with a personal and caring touch while displaying integrity in the company's relationships with employees, customers, sales representatives and suppliers. Two generations later, we've kept that "small town, small company" style while growing to become one of the premier furniture companies in the world.

For many years, Hooker Furniture has specialized in lifestyle-driven furnishings such as entertainment centers, home theater units, home office furniture, accents, casual dining and bedroom. The company is known for its leadership in offering the highest quality furniture at the medium-to-upper-medium price levels.

When purchasing Hooker Furniture products, you can have peace of mind that you're choosing furnishings of enduring quality. We're committed to assuring superior quality through selection of materials and lumber, product design and engineering and by standing behind our products through customer service.

On behalf of future generations, Hooker Furniture commits to be a good steward of the environment through sustainable business practices that help preserve the earth's beauty and resources.

OUR ENVIRONMENTAL STEWARDSHIP

Hooker Furniture strives to make the world a better place to live through leadership in all of our business practices, including our commitment to environmental stewardship.

Our specific environmental practices include:

- The reduction of air and greenhouse gas emissions
- Utilizing alternative fuels for a cleaner environment
- Conservation of natural resources including energy and water
- Recycling and using recycled materials
- The responsible harvesting of lumber
- Leadership in community service and education to enable our communities to learn and work toward a cleaner and healthier place to live.

All eight of Hooker Furniture's U.S. facilities have been certified by the American Home Furnishings Alliance (AHFA) with EFEC registration. EFEC - "Enhancing Furniture's Environmental Culture"—is a voluntary environmental management and best practices program created by AHFA for the furniture industry. Hooker's EFEC-registered facilities include the corporate office, central distribution center, secondary distribution center and customer support center in Martinsville, Va.; two manufacturing plants and the corporate offices of Hickory, N.C.-based Bradington-Young and one manufacturing plant/office for Bedford, Va.-based Sam Moore. The AHFA also recognized our company with an Environmental Excellence Award for demonstrating excellence in managing corporate environmental programs.
