Home Office

Work smarter, live better with functional, stylish and comfortable home office furniture from Hooker. Whatever your style, wherever you work – whether from a leased office complex or from your spare bedroom at home – you’ll find office solutions here that will make your work more efficient so you’ll have more time to spend with the people you care about, doing things you enjoy. Since your work environment directly impacts the quality of your work, surrounding yourself with beautiful and inspiring furnishings that help you be organized and productive is one of the best investments you can make, and one that you will appreciate every day. From our power ports to our charging stations to our task lighting, wire management and organizing drawers, our home office furniture is designed to make your work easier and smoother. From a simple writing desk to a modular office workstation or executive desk that embraces all the latest technology, our home office selection has the ideal choice for you.

Quality Cues

What to look for in finishes, drawers and wood furniture construction

Quality from start to finish

Of all the aspects of wood furniture, the finish most visibly reflects its character, quality and style. While the finish is one of the last things we do, it's the first thing you see. That's why at Hooker, we utilize a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes "feel" as good as they look, with a smoothness that is delightful to the touch.

Drawer Construction & Operation

- Full height, full depth and full width drawers
- All drawers have strong, time- tested English or French dovetail construction for years of problem free use
- Plywood drawer bottoms are attached to plywood drawer sides for strength and durability

Features

drop-front drawer fronts

This functional keyboard also provides a perfect spot for your laptop computer and desk accessories.

If the keyboard drawer is left in the upright position, you can use it as a storage drawer for office essentials.

organizing

Many of the top left and right drawers on our Computer Credenza and Executive Desks feature a drop in writing slide and organizing box for pencils, paper clips and more!

charging stations

Many desks and hutches feature a charging station to give you a central location to charge cell phones, MP3 players and other small portable electronic devices.

writing slides

Many Desks and Credenzas feature drawers with a practical drop-in writing insert, while others feature a pullout writing slide.

grommets

Executive desks feature decorative metal cord grommets on the ends to help you keep cords and cables organized.

lighting

Most hutches and computer cabinets feature a task light or other lighting to illuminate the work surface.

power port

Many of our Computer Credenzas feature a power port that is accessible from the desk top, center drawer, kneehole area and right door printer area

lateral file and file drawers

Our file drawers take both letter or legal size files with 150 lb maximum capacity.

computer credenza, hutch

Who says you can't have your cake and eat it too? The Riley computer credenza and hutch offers the ultimate in computer and internet compatibility without compromising style and creates the perfect juxtaposition of modern technology and classic design.

5068-10426 Computer Credenza Hutch

Many of our furniture items are constructed of hardwood solids and veneers over durable wood products such as medium density fiberboard (MDF) and particle board. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.

OUR MISSION

At Hooker Furniture, our mission is to enrich the lives of the people we touch through innovative home furnishings of exceptional value.

For other great furniture selections and a wealth of useful information, visit our website at www.hookerfurniture.com

ABOUT US

At Hooker Furniture, our mission is to enrich the lives of the people we touch through innovative home furnishings of exceptional value.

The core values we stand for as a company are:

- | | |
|-------------|----------------|
| Integrity | Listening |
| Caring | Innovation |
| Service | Responsibility |
| Citizenship | Honesty |

From our beginning in 1924 in Martinsville, Virginia, founder J. Clyde Hooker Sr. set a tone of doing business with a personal and caring touch while displaying integrity in the company's relationships with employees, customers, sales representatives and suppliers. Two generations later, we've kept that "small town, small company" style while growing to become one of the premier furniture companies in the world.

For many years, Hooker Furniture has specialized in lifestyle-driven furnishings such as entertainment centers, home theater units, home office furniture, accents, casual dining and bedroom. The company is known for its leadership in offering the highest quality furniture at the medium-to-upper-medium price levels.

When purchasing Hooker Furniture products, you can have peace of mind that you're choosing furnishings of enduring quality. We're committed to assuring superior quality through selection of materials and lumber, product design and engineering and by standing behind our products through customer service.

On behalf of future generations, Hooker Furniture commits to be a good steward of the environment through sustainable business practices that help preserve the earth's beauty and resources.

OUR ENVIRONMENTAL STEWARDSHIP

Hooker Furniture strives to make the world a better place to live through leadership in all of our business practices, including our commitment to environmental stewardship.

Our specific environmental practices include:

- The reduction of air and greenhouse gas emissions
- Utilizing alternative fuels for a cleaner environment
- Conservation of natural resources including energy and water
- Recycling and using recycled materials
- The responsible harvesting of lumber
- Leadership in community service and education to enable our communities to learn and work toward a cleaner and healthier place to live.

All eight of Hooker Furniture's U.S. facilities have been certified by the American Home Furnishings Alliance (AHFA) with EFEC registration. EFEC- "Enhancing Furniture's Environmental Culture" - is a voluntary environmental management and best practices program created by AHFA for the furniture industry. Hooker's EFEC-registered facilities include the corporate office, central distribution center, secondary distribution center and customer support center in Martinsville, Va.; two manufacturing plants, and the offices of Hickory, N.C.-based Bradington-Young and one manufacturing plant/office for Bedford, Va.-based Sam Moore. The AHFA also recognized our company with an Environmental Excellence Award for demonstrating excellence in managing corporate environmental programs.
