*How do you marry a passion for opulence with a casual lifestyle?*

The groundbreaking **Rhapsody Collection** is the answer, bringing together classic design elements, grand scale and a relaxed rustic finish to create an impassioned marriage of casual opulence. Exuberant scale and serpentine shapes infuse the pieces with emotion, while timeless motifs like scrolls, rope twist molding, the acanthus leaf and fleur de lis anchor Rhapsody in old world charm. Building on the grand scale and classic European design is the defining element of the collection: a walnut-colored finish inspired by the natural yet rustic nature of reclaimed woods in beautiful patinas. Multiple wood veneers include pecky pecan, hickory, walnut, ash and maple over poplar solids, adding character through color variations, knots and striate. In addition to the standard walnut-colored finish, six accent finishes offer stylish looks such as hand painting, tipping and crusting effects over the wood grains.

# Design Elements

## design

Grand scale, ornate carvings and serpentine shapes infuse Rhapsody with opulence, and timeless motifs like rope twist molding, the acanthus leaf and the fleur de lis celebrate the collection's traditional European roots--updated for today's lifestyles. Details such as chevron veneers and gadrooned edges delight both the eye and the hand. The original inspiration for Rhapsody was a scroll carving which became a recurring theme throughout the collection used on several signature pieces.

## standard finish/hardware

The defining element of the Rhapsody collection is a walnut-colored finish inspired by the natural yet rustic nature of reclaimed woods in beautiful patinas. The mixture of pecky pecan, hickory, walnut ash and maple veneers over poplar solids creates character through variations of color tones in the wood, knots and striate, adding to the natural, casual feel. Rhapsody's custom antique silver hardware includes a decorative pull with a scroll motif, two sizes of carved floral knobs and a custom drawer pull.

The Rhapsody arm chair features an embroidered insignia design on the front and the back side of the chair back as a lovely focal point. Note that the insignia designs are reversed on each side for added drama. The Rhapsody side chairs feature a plain fabric without an insignia.

## accent finishes

This rustic hand painted finish emulates a piece that has undergone years of refinishing with traces of each layer of paint remaining.

Silver leaf tipping accent paint over the rustic walnut finish creates a compelling contrast on several key pieces.

## accent finishes

Hand painted in the exquisite Venetian style, this finish is updated in neutral colors for livability.

Reminiscent of an old world European antique, this soft timeworn finish with silver leaf accent lends itself to several Rhapsody items, creating a well-traveled look at home.

In the whimsical manner typical of 18th Century chinoiserie, this elegant finish was inspired by a Venetian chinoiserie antique in a soft azure blue.

Inspired by today's casual living, this finish has a rustic raw wood look that suggests the feeling of an antique barn door.

A naked bleached patina in a parchment color emulates a serene, natural wood tone.

## Quality Cues

What to look for in finishes, drawers and wood furniture construction

### Quality from start to finish

Of all the aspects of wood furniture, the finish most visibly reflects its character, quality and style. While the finish is one of the last things we do, it's the first thing you see. That's why at Hooker, we utilize a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes "feel" as good as they look, with a smoothness that is delightful to the touch.

### Drawer Construction & Operation

- Full height, full depth and full width drawers for maximum storage capacity
- All drawers have strong, time-tested English or French dovetail construction, for years of problem-free use.
- Plywood drawer bottoms are attached to plywood drawer sides for strength and durability
- Our top-of-the-line bedroom collections include bottom drawers on major case pieces that are cedar-lined for the aromatic benefit and preservation of clothing.
- Some night stands and bachelor's chests offer receptacle on the back of case and touch lights under the case.

### Wood & Veneer Construction

Many of our furniture items are constructed of hardwood solids and veneers or hand-painted finishes over durable wood products such as medium density fiberboard (MDF) and particle board. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture. Due to a wide variety of wood species and decorative designs used in our furniture styles, variations in construction are possible.

Classical design motifs from ancient Europe such as the urn shape used on the round dining table base give a historical resonance to Rhapsody. Adding to this classical pedigree is the recurring theme of the scroll motif, used here on the mirror, as a repeated detail across the top of the credenza and even as a motif on the front of the arms of the comfortable upholstered arm chairs.

Other delightful details include acanthus leaf carving around the table base and rope twist molding at the base of the credenza. The credenza features three drawers with a drop front center drawer, four doors with one adjustable wood shelf behind each side door and one adjustable shelf behind the center doors.

Grand scale and serpentine lines distinguish the statement Rhapsody sleigh bed. Upholstered in a beautifully woven multi-dimensional textured fabric in a creamy blend of neutral colors with repeated tufting for a plush appearance, the bed is easily mixed with any color scheme. Acanthus leaf carving detail around the base of the bed adds the final touch of classic appeal to this over-the-top bed.

The core values we stand for as a company are:

Integrity	Listening
Caring	Innovation

From our beginning in 1924 in Martinsville, Virginia, founder J. Clyde Hooker Sr. set a tone of doing business with a personal and caring touch while displaying integrity in the company's relationships with employees, customers, sales representatives and suppliers. Two generations later, we've kept that "small town, small company" style while growing to become one of the premier furniture companies in the world.

For many years, Hooker Furniture has specialized in lifestyle-driven furnishings such as entertainment centers, home theater units, home office furniture, accents, casual dining and bedroom. The company is known for its leadership in offering the highest quality furniture at the medium-to-upper-medium price levels.

When purchasing Hooker Furniture products, you can have peace of mind that you're choosing furnishings of enduring quality. We're committed to assuring superior quality through selection of materials and lumber, product design and engineering and by standing behind our products through customer service.

On behalf of future generations, Hooker Furniture commits to be a good steward of the environment through sustainable business practices that help preserve the earth's beauty and resources.
