*The frame width will vary depending upon the arm style selected.

7 Select your Base

* The large tapered leg is designed exclusively for use with the 9" track arm.

** On Large Size sectionals, when the large tapered leg is specified, it will be used under the arm panels only. All other legs on the sectional will be the medium tapered leg because the proportions are more aesthetically pleasing.

*** The tall tapered leg is designed exclusively for use on the 3" track arm (Standard Size). It may not be specified for other arm styles, or used with sleepers, as the mechanism would be visible.

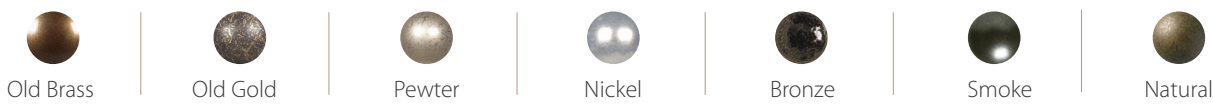

NOTE: The standard finish on exposed wood legs is Arlington. Final Touches offers over 40 other custom finishes at no charge.

8 Select your Body Welt

- Self-Welt
- Contrast Welt (Upcharge)
- No Welt (Saddle Stitch)

Due to thickness or embossing techniques, some leathers may not be used for welts -- check the Leather List for restrictions.

9 Select your Nailhead Trim - choose from 3/8, 1/2 or 3/4 inch diameter

For an upcharge, nailhead trim may be applied around the base and/or up the arms.

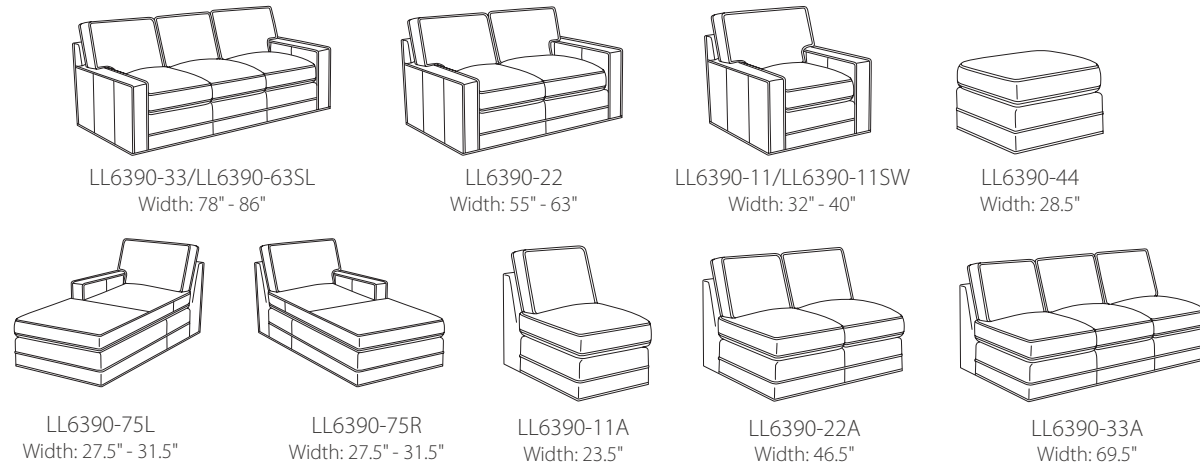

10 Select your Leather

Couture Leather frames do not include pillows, but we left room on the bottom of the order form if you choose to add throw or kidney pillows - reference the additional throw pillows pages of the price list.
