

100 Nights

Sleep Satisfaction Guarantee

Your Sleep Satisfaction Guarantee is for 100 nights and applies to mattress sets where the queen size is \$499 or more and a mattress protector is purchased at the time of sale. If after sleeping on your mattress for a minimum of 30 nights* you find you are not satisfied with your selection, our Sleep Specialists will assist you with a **one-time** reselection to a mattress** of equal or greater value or a mattress of no less than 80% of the original mattress purchase price. The reselection will be delivered and set up at no additional cost***.

An in-house inspection is required before your mattress is returned to insure your mattress is in its original condition and the mattress protector is being used to prevent stains.

Exclusions:

- Clearance mattresses
- floor samples
- soiled or stained mattresses
- power/adjustable bases
- mattress size changes
- pillows, mattress protectors, or pillow protectors
- mattresses purchased without one of our signature brand mattress protectors

**please allow some time for your body to adjust to the new mattress*

***If reselection is the same brand and we will exchange the mattress only, if at time of reselection a different brand is selected a credit will be issued for the mattress and box spring provided the original was a matched set.*

****If a special order mattress was purchased, there will be a \$100 fee applied for the sleep satisfaction reselection (special orders can include California King or Split Queen sized mattresses, or any mattress we do not regularly stock).*
