Made in Norway

From this fjord.

Crafting furniture is wound deeply in our Nordic roots and tells the story of who we are. It is a craftsmanship perfected by our families over time. We cherish it's impact on our heritage and lift it up with pride. Fine furniture is an art passed down from generation to generation with a rich history of trials and tribulations. At the end of the day we hang our hats on knowing we are part of a tradition of transforming the way we relax. The designs, the craftsmanship and the attention to detail have evolved and grown to become the most comfortable seating in the world.

SAVE up to \$1,700 on Stressless Wave sofas in select colors* during our Leather Upgrade Promo.

Just as our individual tastes vary, so do our bodies. Most of our recliners come in three sizes (S, M, L). Visually the differences are subtle, but sit down and you'll realize that seating customized to your body makes all the difference.

The patented Stressless® Plus™ system provides a unique flexible headrest and exquisite neck and lumbar support, which synchronizes gently as you recline. The sensitivity of each individual seat to your movement can be easily adjusted.

BalanceAdapt™. Our Signature Base models offer a brand new function; the BalanceAdapt-system. This new function gives you a subtle and soft rocking movement which increases comfort in all positions and reclines even further back.

Choose the Stressless® that fits you best. Stressless® seating is customized to your body for the ultimate in comfort.
Select between Classic or Signature bases and three sizes on most style Stressless recliners.
