BD-F7500 Blu-ray Disc® Player

FEATURES

Smart Blu-ray™:

Experience the next generation of our ground-breaking Smart Blu-ray with full web browsers, cutting-edge TV Apps, all-new Signature services, processors and much more to enhance the Blu-ray experience.

Full Web Browser:

Enjoy all of the benefits of full web browsing right on the big screen. Easily stream your favorite movies and TV shows, download Apps, shop online, browse the web, update your status on Facebook® and Twitter,™ and more.

Samsung Apps:

Discover a world of entertainment and access hundreds of Apps directly through your Smart Blu-ray Disc Player that let you stream music, movies, TV shows and more.

SmartHub:

Provides a single location for all of your favorite smart content, giving you easy and instant access to Apps, photos, videos, web browsers and much more. It's the simplest way to explore a world of entertainment.

AllShare™ Play:

Samsung's AllShare™ Play enables you to wirelessly access then stream content from any compatible device, such as a PC or mobile device. That means you can share movies, photos and music all through a single device - your Blu-ray Disc Player. Now with the benefits of web storage, you can access and even share content when you're away from home.

(Compatible mobile devices may vary by region. Cloud storage may require registration with a third party storage provider. Additional internet charges may Apply.)

AllShare™ Cast:

Allows you to easily share content on your portable device with others by watching it on TV. By connecting your portable device wirelessly to the Blu-ray Disc Player, you can now send the image to the TV via the HDMI® connection and share it with the rest of the room.

3D Blu-ray™:

Whether you are viewing a premium-quality 2D picture or seeing incredible 3D depth, images are breathtakingly real in Samsung Full HD. Combine with a 3D TV and 3D active shutter glasses to view the latest Hollywood 3D titles. 3D TV, Active glasses and content required.

Wi-Fi® Built-in:

With built-in Wi-Fi, no additional cables or wires are needed to connect to your wireless home network. You can wirelessly access Samsung Apps or other Smart Blu-ray features with ease. You can also sync and stream content to other DLNA®- enabled PCs, smartphones, tablets and Cameras via Samsung AllShare™ DLNA technology.

4K Up-Scale:

Watch your favorite videos and films in ultra HD with the Samsung Smart Blu-ray Disc Player. With life-like details that will make the images seem realistic, this player brings life right into your living room. up scaled from full HD to ultra HD, it comes with four times the resolution of Full HD, giving perfect and crystal-clear picture

Quick Start Mode:

Instead of the usual 10 seconds, you can you start your Blu-ray Disc Player in just 0.5 seconds. This is the world's fastest boot-up, and translates to less waiting and more enjoying.
