

# GX-M10

## PORTABLE AUDIO SYSTEM

**TOP MOUNT DOCKING SLOT  
FOR IPOD® AND IPHONE® - CONNECT,  
CONTROL AND CHARGING**

**IPAD® CONNECTION VIA USB WITH  
SUPPLIED IPAD STAND**

**100W TOTAL OUTPUT POWER**

**UNIQUE SPEAKER DESIGN  
WITH HIGH-END DRIVERS  
AND DOME TWEETERS**

With heart-pumping sound and eye-catching design, the GX-M10 brings the boom back to portable audio. This powerful 100-watt portable audio system delivers wave after wave of powerful bass from its dual subwoofers and bass enhancement circuitry. The tubular shape turns heads and helps deliver crisp and clear sound. There's a built-in dock for iPod and iPhone, which is shielded from the elements by a protective door, so taking music to the streets is never a problem. On the front of the unit is a USB port for connection of iPad and/or USB Host for playback of music files stored on a USB mass storage device. Aspiring musicians will love the guitar and microphone input with mixing capabilities. In addition, there's a CD player that can handle MP3 and WMA file playback, and an FM tuner. A remote control makes it easy to operate while a shoulder strap makes it easy to carry.

### PANEL SPECIFICATIONS
